**Practical ideas and resources for implementing AQTF 2007 in schools**

### **Take your first step to continuous improvement**

Vocational education and training teachers and coordinators are invited to a workshop to explore strategies and resources for implementing the new AQTF standards. Participants will access draft resources for implementing the standards. Participants are encouraged to bring their existing resources (Quality Manual and supporting documents) to make notes on how to set goals, develop performance criteria, set timelines, amend or redesign resources and work towards continuous improvement.

Hard copy handouts will be provided. Electronic copies will be available to VETnetwork Queensland (part of VETnetwork Australia) members on the Members' Only section of the website [www.vetnetwork.org.au](http://www.vetnetwork.org.au).
